

# October PLC Special: Carrot Juice Plus

## Carrots Harvested Straight from the Field!

With Autumn upon us, orange colored shakes and lattes have started popping up everywhere. But don't let their disguises fool you. Most of them are hiding their true selves behind artificial colors and flavors...and empty calories.

Carrot Juice Plus on the other hand, is the real deal! What you see is what you get - a flavorful blend of organic carrots and soluble rice bran that make a delicious addition to any smoothie or shake. Add some "warm" spices like cloves, cinnamon and nutmeg and, WOW, you have autumn-in-a-glass ... without any of those scary preservatives and artificial flavors and colors the big brands use! Carrots are packed with nutrients that make them a valuable part of any healthy diet and they taste fantastic!

- Supports healthy immune function
- Rich source of powerful antioxidants called carotenoids
- Natural sweetener that is beneficial to any green drink
- No creepy artificial ingredients!

Eating carrots is a part of every young child's life, their sweet taste and bright color definitely say, "I am good for you!" The problem is carrots are like little orange sponges absorbing both nutrients and (sometimes harmful) chemicals from the soil. That is why, we are proud to offer, pure, organic carrot juice concentrate combined with the nutritional goodness of soluble rice bran.
