

# YOU PROTECT THEM. WE PROTECT YOU.

Being a mom is a 24-hour job that leaves little to no time for self-care. Just as you are devoted to keeping your children safe and healthy, we are equally committed to doing the same for you. Women's Defense gives you the protection you need so you can continue to protect your loved ones with strength.

# AND TOGETHER, WE CAN PROTECT OTHERS.

Breast Cancer Action is a national, grassroots non-profit, driven by the hard truth that 40,000 women die every year because of this disease. Founded in 1990 by a handful of women who suffered from breast cancer, BCA refuses funding from any company profiting from or contributing to breast cancer. Fiercely independent, compassionate and radical, BCA ALWAYS put women's health first. [www.bcaction.org](http://www.bcaction.org)
