Purium's Advanced Probiotic Blend is a potent, shelf stable, all-vegetarian blend of the most vital friendly bacteria available. Enzyme Advantage is a patented, shelf stable, aspergillus-derived formula containing the purest and most effective digestive enzymes. When combined, they become a powerful team of "Eaters" and "Greeters" working to protect your digestive and immune systems. Enzyme Advantage EATS UP toxins and allergens and breaks them down before they can get built up AND the Advanced Probiotic blend then GREETs and GUIDES them out of the body. Together they help digest and dispose of foreign offenders, reducing the chance of seasonal sniffles or digestive upset.

Purium Spring Digestion Pack may:

- Help support healthy digestion
- Help support a healthy immune system
- Reduce the chance of seasonal sniffles
- Enhance nutrient absorption when taken with meals
