"By the fourth day of my first Transformation, I knew this program would work for me. I committed to losing 100 pounds within 1 year. After 10 months on Purium I had achieved my goal! My life has completely changed: my health, my energy, my happiness. Amazing doesn't even begin to describe it!"

LOST 120 pounds in 12 Months

Chuck A.

"When I started my Transformation 3 months ago, I weighed 226. Now I'm 174, which is less than I weighed 15 years ago! I have a physical job and an active home life, so I need lots of energy all day, every day ... and that's what I get with Purium."

LOST 52 pounds in Just 90 days

David Sandoval

Nutritional Coach to the Stars

"I only have 10 days to get ready for ..."

I hear it over and over and over. Every few months. Sometimes every few weeks. "I got your name from my (agent, manager, friend) and he/she said that you could get me in shape for my big (photo shoot, audition, pageant, fight, worldwide tour). I really need to get in shape fast! I need to lose weight without losing energy. I don't want to do anything dangerous or extreme, I just want to shed the pounds and look the best I've ever looked in my life." It seems like they always have less than two weeks. And sometimes, this is their big break, the opportunity that could change the course of their career. Now understand, most of these people could afford to go to any spa, any gym, any personal chef or nutritionist on the planet. They were coming to me specifically because of word-of-mouth recommendations from other industry insiders who had success with their own transformations.

The word throughout Hollywood was that there was something new, a "clean and

green" way to lose weight and break food addictions. A program that no one else had. A simple way to transform your body in just 10 days. That's the origin of my Transformation program.

Now you can enjoy the same program that I use with my top clients: **beauty contestants, actors, fighters and music stars.**

But you don't have to be a supermodel to enjoy super results.

If they can do it, so can you!

Since we made our program available to the public, tens of thousands of people have lost weight, re-set their metabolisms, broken their addictions to processed foods and cleansed their bodies. Yes, the 10-Day Transformation is the fastest, healthiest, simplest, least expensive way to lose weight. But the weight loss is just a healthy side effect. More importantly, we have seen people transition from short-term results

into long-term lifestyle changes that are based on clean and green eating.

The concept behind my program is really quite simple. I use nutrient-dense superfoods, slow-burning carbs and highly-digestible protein. All natural. Importantly, you will not be consuming ANY processed, irradiated, denatured, artificial or genetically-modified ingredients. This is an **anabolic cleanse**, so you won't be sacrificing your long-term health for short-term results. Your body will love it! **I guarantee it.**

So, what are you waiting for ... it's time for your **10-Day Transformation!**

They have never seen me under 200 pounds all their lives, until now. I was way overweight but I didn't have a plan. At 60 years old I feel great! There is nothing like this program."
