

BIOME MEDIC

Protect
your gut from
GMOs

GMOs ARE IN 75% OF OUR FOOD

Genetically modified food (GMO) is getting nearly impossible to avoid. Meal after meal... day after day... year after year, we eat compromised food.

- Breakfast cereal
- Chips
- Ice cream
- Bread
- Conventional fruits & vegetables

Experts point to an herbicide, a toxic chemical, called **glyphosate** as the primary problem associated with GMO food. Glyphosate residue can't be washed off or baked out of the foods you buy. And this chemical **kills organisms** that are not GMOs, including your healthy gut bacteria. Worse yet, the World Health Organization and National Academy of Sciences have identified glyphosate residue as a "probable carcinogen in humans." And on July 7, 2017, the State of California went one step further and declared that glyphosate "**causes cancer and birth defects,**" adding it to the Proposition 65 list.

INDICATIONS OF A COMPROMISED MICROBIOME

- Poor Digestion
- Feeling Bloating
- Foggy Head
- Tired
- Headaches
- Joint Pain
- Weight Gain

THE IMPORTANCE OF A HEALTHY MICROBIOME

The microbiome may be the most important part of our body that you've never heard about. It's commonly known as "the gut," but scientists also refer to it as our "second brain." The microbiome is responsible for **80% of our immune response**. Plus, most nutrient absorption and cleansing takes place in a healthy microbiome. This means that everything from **energy** to **weight management** to **digestion** to **mental clarity** can be traced to the health of your microbiome.

HOW BIOME MEDIC WORKS

Biome Medic is an **exclusive** and **proprietary formula** of all-natural ingredients that help protect your gut from GMOs and glyphosate. Biome Medic is the first-ever product to receive a Gold Standard Glyphosate Detox certification.

Certified by The Detox Project, an organization that aims to help make the health and wellness industry more accountable and honest, Biome Medic goes beyond non-GMO. It may perhaps be the world's first "Anti-GMO" product.

BIOME MEDIC WAS DESIGNED TO ASSIST WITH THE FOLLOWING:

1. **REMOVE** the toxic chemical glyphosate from your microbiome*
2. **SUPPORT** the "good" bacteria to boost your immunity
3. **REBUILD** the gut villi for better nutrient absorption, digestion and weight loss

So, Purium has identified the **PROBLEM** - a compromised microbiome.

We identified the **CAUSE** - a toxic herbicide that is in 75% of the food we eat.

And, most importantly, we've found the **SOLUTION** - Blome Medic!

*Clinical Trial Results: Studied under a small, randomized, product-controlled IRB-approved protocol, Biome Medic's six-week human pre-clinical trial reported a 74% reduction of the herbicide glyphosate, a 75% reduction in the inflammatory biomarker C-reactive protein (CRP) and a 35% increase in gut immune response as measured by reduced food sensitivities.

BIOME MEDIC MAY IMPROVE YOUR HEALTH

GMOs and glyphosate are becoming nearly impossible to avoid.

This is your chance to protect yourself and your family from a danger that is impossible to see.

Biome Medic is effective, natural, safe and simple for the whole family to take, every day.

1 bottle
\$60
Item # 2270

4 bottles
\$199
Item # 2270-4
