

WHY CBD?

In today's hyper-active world, nearly everybody is dealing with sensory-overload and is in need of de-stressing support.

Luckily, every *body* is also equipped with the Endocannabinoid System, a natural stress-reducing system. Receptors throughout the central nervous system are designed to absorb and utilize a phytochemical found in hemp called cannabidiol (CBD) that biologically helps manage physical and emotional pain.

MAY HELP:

- + Calm worrisome thoughts
- + Elevate mood
- + Relax muscle tension
- + Lead to efficient sleep

Purium's
industrial hemp-
derived cannabidiol
is super potent,
containing 1500mg
per bottle.

We are proud to provide the best of Mother Nature with effective, affordable and pure + premium products.

Why is hemp-derived CBD becoming the leading product in health and wellness trends?

- Substantial health discoveries have documented its success as a form of therapy
- Medical doctors, pain relief clinics and Post Traumatic Stress Disorder (PTSD) treatment centers have advocated for its use in treatment
- CBD has been used to reduce the psychoactive effects of tetrahydrocannabinol (THC), cannabis' psychoactive compound that is responsible for brain fog, delayed reactions and the feeling of being "high"

- + 1500mg of CBD per bottle
 - 750mg from full-spectrum CBD extract
 - 750mg from pure CBD extract
- + Organic hemp seed oil base
- + Grown in Colorado & Kentucky
- + Easy to control dosage
 - 6 sprays = 50mg (1 serving)
 - 3 sprays = 25mg
- + Carbon Dioxide (CO₂) extracted
 - no chemicals used to extract
- + No preservatives
- + No artificial ingredients
- + No psychoactive properties
- + Less than .3% of tetrahydrocannabinol (THC)
- + Safe, effective and fast-acting
- + Natural peppermint flavor

These statements have not been evaluated by the FDA and are not intended to diagnose, treat, cure or prevent any disease. Most work-place drug screens and tests target delta9-tetrahydrocannabinol (THC) and do not detect the presence of Cannabidiol (CBD) or other legal natural hemp-based constituents. Even though our products contain less than .3% THC by dry weight (Federal Legal Limit), studies have shown that ingesting Full Spectrum CBD can cause confirmed positive results when screening urine and blood specimens. Accordingly, if you are subject to any form of employment drug testing or screening, we recommend (as does the United States Armed Services) that you DO NOT take CBD. Before taking CBD, consult with your healthcare practitioner, drug screening testing company or employer. You must be at least 18 years old to purchase CBD.
