*Being able to help people not only look and feel better, but help them improve their financial situation is amazing! We love the products, the mission and culture of the company and the integrity of the owners.*

*"Managers help people to see themselves as they are. Leaders help people to see themselves better than they are." – Jim Rohn. As leaders we often see a person's potential even though they may not yet see it themselves and to help them to realize that potential is one of the most satisfying parts of this business. Not only that but we've made amazing, lifelong friends. The culture of our team is incredible. The work ethic of our team as a whole is impeccable, and they also have a huge heart for helping and supporting each other.*

*I think we attracted Purium into our lives. The pursuit of a happier, healthier life is what brought Purium to us. First it was about our health... could the Purium products make a true and lasting difference? It did not take long... about 10 days for step one and it was so powerful that we just knew this was for us. What really sealed it was meeting David Sandoval; deeply knowledgeable and extremely committed to our mission. This is so rare in the world of Network Marketing.*

*The Green Foods Movement fits into our already healthy lifestyle perfectly and has been an amazing add-on to my patient protocols. Purium has also been an amazing gift to our family! The time freedom we now have is a priceless gift to be able to spend every day raising our babies. We love what we do and are so excited for our future with this company. We can't wait to help all of our Diamond leaders to make the Crown rank and beyond! What a fun journey it's been so far!!!!*

*Purium has not only given me back my health and my family health but it has given us financial freedom in less than 10 months. We are excited about our future with Purium and excited to be a part of this revolutionary company and are inspired daily. I'm so grateful for David Sandoval and Amy Venner and to be a part of this amazing life-changing movement.*

*Our experience has been amazing! We are very blessed that our Doctor, Dr. Dana McGrady shared this with us at the end of July. When she told me she was flying the first national convention in California in 6 days, my husband I made the decision for me to go and see what this was about. And from then it has been an awesome journey. We plan on going to the top with Purium as we are just getting started! We are honored to be a part of this amazing movement!*

*I experienced depression for over 11 years, I began Purium in December and have lost 13lbs and 6 inches off my waist since then and now I have my life back; I am a happy mom to my two boys and I am stepping down off my depression medications under my doctor's supervision!!! Now I am paying it forward by helping others feel better...Purium is a gift we have in our presence right now and I want to share what this product and company has done in my life so others may grab hold and allow it to change theirs too!*

*I tell people if I was stranded on a desert island and could only bring one Purium product, it would definitely be the Super Aminos 23, I love how they make me feel inside and that shows on the outside. I remember learning if my skin and eyes look so clear and bright that's how my insides must be doing - clean, vibrant, healthy, and alive!*

*As a health coach, I have been looking for several years for a line of products that didn't have ANY ingredients that I felt the need to apologize for. The first piece of literature I saw from Purium was the LOVE tri-fold brochure; I instantly fell in LOVE and remember saying to myself after reading the ingredients "I could drink this stuff every day for the rest of my life"...that is when the light bulb went off, if I felt that way I was pretty sure it wouldn't be hard to give others a \$50 gift card to try for themselves.*
