Purium has changed my life by bringing me all the new relationships and people that have come into my life in the past year. Feels like a family community and financially it changed my life and also changed my perspective on traditional business. After 7 years of schooling and so much time spent on building up my resume and credentials to move up my corporate ladder, Purium has opened my eyes to the fact that all of that was not necessarily the way or the path to have true freedom.

I did my first cleanse in August of 2014. I lost 10 pounds 10 inches in the 10 Days. Doing the Transformation Cleanse was one of the most life changing things I've ever done. The Purium lifestyle has profoundly changed the way I look at everything I put in my body. I feel like I treat my body and it's systems with respect by feeding it with the nutrition it needs and staying away from the junk it does not need. It has not only changed my health and relationship with food but it has changed my families as well. This is priceless to me.

That is what happened on the inside but the way my Purium Business has changed my financial health on the outside has also profoundly changed me and my family's life. I have gone from having no extra money to between \$2500 - \$3000 extra dollars a month. This is a dream come true! It has happened in such a short time that I sometimes have to pinch myself when I get my favorite email notifications from Purium every month.

Purium has been the biggest blessing. It has altered what I put in my body and how I think about foods. I certainly don't live a perfect life (LOL...) but even when a stray a little, I am so grateful I have these products and the Transformation right next to me as a way to clean out and get back on track. It has also been a joy to watch all the miracles happen for my downline, with people's health and also financially.

For my health journey I've always demanded my body-temple perform at peak levels. I was Police Officer for 20 years taking on some of the most difficult duties in Law Enforcement, peak performance was quite literally a matter of life and death. That intensity has stayed with me in retirement (old habits die hard) and Purium is providing me with the best of the best when it comes to my uncompromising principles with regard to nutrition. My short term goal is to hit Blue Diamond in May with a long-term goal of making 5 Star Crown. The money from that income will help me to build a "Warrior Retreat Center" where I help men, using the ancient principles of Bushido to rediscover their ethical male energy and to take that back into their communities to become strong leaders and archetypes for our next generations.

I was introduced to Purium about a year ago, and it triggered a new way of thinking about my health, and as I learned more about Gift Card Marketing, that trigger has turned into a great little business that keeps on growing...if you are an entrepreneur, this really is the new way, without all the hassles of "traditional" business ownership.

Purium has given me such abundance of health that I feel younger and stronger than I have since before my twins' pregnancy ten years ago, my goal is to continue changing the world from the inside out!
