

Congratulations to the leaders who advanced in rank in November 2014!

The **Purium Business Opportunity** delivers four important benefits:

Wealth
Independence
Security
Health

And our Members, by sharing the Purium products and business, are **W.I.S.H.makers** for themselves, their families, their Customers and their team of Members.

MR Dream Team Florida 2-Star Crown

Upline Enroller / Upline Crown: AI Health and Healing

MR Dream Team consists of Marina Simone and Rachel Ortense. Marina says: *Back in March 2014 I was broke. Literally had no money and was stressed. I decided to jump in with Purium and use my last 500 bucks to do the opportunity. I knew I had to make this work and put my head down and just called as many people I could using the system we have in place. [Marina learned about Purium first and was excited to share it with Rachel.] The timing was right and the Gift Card Marketing System blew my mind. Rachel and I were coachable and let our leaders guide us. Within one month we hit blue diamond and made over 6k dollars! So when people tell me they are broke or don't have the money, I understand their pain. But with a desire for change and a burning passion to be successful and help others to be successful, my life in one year has changed dramatically. Becoming one of the 6 figure earners a year with Purium has been a blessing!*

I attribute our success to three way phone calls with leaders, Crown University Trainings and corporate calls along with the Gift Card Marketing system that originally caught my eye.

We have the perfect timing to build leverage and a solid team for the wave that is coming! We just create an urgency in everyone that does the cleanse to share this as much as they can utilizing Facebook social media and text blasts!

We named our team MR Dream Team because we wanted to remind our new family that dreaming is healthy! It helps with your “why” of being here and will drive you through hard times and obstacles. Our team is focused and the best part is they all help one another no matter what leader they are under. We have created unification so we can all grow faster!

David Litt Amy and Dave have sincerely shown us their efforts and sacrifice to take this company to a billion dollars! Their confidence has been instilled into us and our team to help share with the world using a 50 dollar gift card and a guaranteed product!

This journey all began because I was excited by the products and that is the truth. I am personally and vegan and mostly raw and so I really appreciate the quality and purity of the products themselves, I can really stand behind them. They are simple superfood ingredients that make sense to me. I could not have launched a business that I did not have full belief in. When I did the Transformation and actually lost 12.5 lbs, regained energy and mental clarity and felt 10 years younger and just overall felt a vitality I had not felt in a long time, I knew I wanted to share Purium with people.

With the company's Gift Card Marketing program, I saw how easy it was for people to be repaid for their expenditure and also saw the fact that the marketing just really disarmed people and made it easy to say “Yes” to something they already wanted, without feeling pressured to get into a business. What I really love is that it helps me to empower people in the arena of health. Armed with my passion and a \$50 gift card I was able to introduce the product to a couple dozen people in the first 30 days without even really knowing what I was doing. I was able to create a large customer franchise very quickly. It's a great fit for me because it has allowed me to attract likeminded people that want to help and empower people to live a fuller, richer, healthier

life so they can spoil their kids and buy them a prom dress or a new computer or bring them home from college one time extra.

There is no rent and no overhead, but my success did not come without hard work, it's about making the decision and getting in action and getting to work. It's not luck, I did not bring in a downline from another company, and I just worked with each person who raised their hand. David has said, "If everybody treated their \$500 investment with a \$500,000 commitment and followed the actions set out for them in training, they would surely create their own success." And I wholeheartedly agree. You have to treat it like a job and not a hobby. It's not about time, it's about commitment.

I have done this all while working full-time as a technology business analyst the whole time. It hasn't been a grind; it hasn't been stressful, nothing but a growth experience for me and my family. I don't even recognize the person I am today versus the person I was in December 2013 in terms of leadership ability and confidence. Where else could you not only grow but create a more than \$200,000 residual income annually with only a \$500 investment while working with people who are amazing and inspiring and will be lifelong friends of mine? I really feel like I have found my home with Purium.

Purium is an awesome fit because I've been involved in health and wellness for 30 years. It aligns perfectly with my lifestyle and my career as a health coach. I enjoy working from home, helping people and being an entrepreneur. My long term business goals are to achieve the highest rank levels within 2 years. I desire to be in a position to live my dreams while helping others too, especially children. I have always been a visionary ... See it, Believe it, Achieve it. My team has heart. They are supportive, encouraging and working together to create the dream. They provide motivation and inspiration to each other in our group pages that creates momentum and community. I look forward to meeting the ones I do not personally know at National this year.

I have been a lifelong health advocate. I have been very successful owning and operating retail stores and have also worked for Fortune 500 companies in management. My passion is educating people about natural health alternatives. I am currently writing a book about where to find the missing pieces for optimal health. I love the mission and the integrity of Purium's owners because it matches mine. I love that 100% of the people get results in 10 days from the Celebrity Transformation, if they are compliant of course. I love that the company has provided us with tools to share this opportunity including the \$50 gift card. My own personal Transformation has been amazing physically and financially in just a few months.

Thanks to Purium's great products, excellent marketing program, innovative compensation plan and unwavering team support, I am well on the way to achieving my goal of optimal health and financial independence. The best part is that my efforts are making a difference in the health and wealth of others. Being a "product of the product" is critical.

The healthier I look and feel, the more people I'm able to help and the faster my business grows. What an amazing incentive to get and stay healthy!

The Purium superfoods and especially the green blends are nurturing my body with light and clean energy, I love them. By empowering and inspiring through service, we all succeed together. I'm grateful to be supporting others in reaching their potential. The freedom I experience, the heart centered people I work with, and my love of the products create a perfect momentum....my business is growing, and I keep sharing. Thank you to our amazing team. I'm looking forward to years of learning and fun.

Because of my personal experience and the hundreds of people I have coached through the Transformation, it has become undeniable that we can change people's lives. So thank you to Amy, Dave and David for their passion and integrity and giving the Purium products to spread the word health. Thank you to my friends and family who trusted me to try the product...no one builds this business alone. I have never met someone successful in Network marketing that did not go to the national Convention - very important – so, my team and I will see you there!

With Purium and all the great support and education they provide, I hope to continue raising consciousness about the food crisis we face, and the solutions Purium offers...I smile at the thought of all the lives touched, changed and saved when we knowingly choose pure, plant-based, rather than processed foods.

Doing the Transformation Cleanse was one of the most life changing things I've ever done; the Purium lifestyle has profoundly changed the way I look at everything I put in my body... I feel like I treat my body and it's systems with respect by feeding it with the nutrition it needs and staying away from the junk it does not need [and] it has not only changed my health and relationship with food but it has changed my families as well. This is priceless to me.
