

## SPRING AWAKENING

Although people don't hibernate like other animals in nature, our bodies do experience a shift during the winter. Transitioning from winter into spring can feel a little slow – no matter your age. Luckily, earth's elements provide support to help eliminate the unwanted toxins and reenergize body systems. Organic Kamut Blend, Fulvic Zeolite and Cracked Cell Chlorella are three natural detoxifiers that each have additional unique benefits as well.
